St Martin's is a large co-educational comprehensive school located in Hutton, Brentwood. The school benefits from a pleasant semi-rural environment with agricultural land to the rear. The school, which also includes a large sixth form block, is situated on an open, attractive 30 acre site. Parking is available on-site and there are good transport links by both rail and bus. Hutton is five miles from the M25 and 19 miles from London, which is easily reached by road or train (25 minutes to Liverpool Street Station).

This is a large, but friendly school in which all staff are helped to develop their talents. This is supported by an extensive and wide ranging in-house continual professional development programme (CPD). We have high quality mentoring and induction programmes for staff with excellent opportunities for training and professional development. The school has 197 staff of which 75 are support staff.

In May 2013 the school was judged to be outstanding by OfSTED. They judged that all of the main judgements of achievement, teaching, behaviour and safety and leadership and management were all outstanding. The report comments that **“Students’ attitudes to learning are excellent. They come to school ready to learn and take a full and active role in the life of the school.”** Visitors to the school remark how well-behaved and polite our students are. They form excellent relationships with their teachers who have been trained in the school’s behaviour management system of Discipline with Dignity.

The school was re-accredited Investors in People in 2016.

Achievement at St Martin's School is outstanding. In 2017 89% of students achieved grades 9-4 in English and Maths at GCSE. In English 89% of all students achieved at least a grade 4 and in Mathematics this was 90%. Most able students achieved a pass rate of 95% at GCSE with 44% of grades being awarded at A or A*. St Martin’s School is now in the top 15% of A level providers. At A-level the school has a 99% pass rate with 60% of all grades awarded at either A*-B grade. A number of A-level students go on to study at Russell Group universities in subjects such as Medicine, Veterinary Science and Law. Students arrive at the school in Year 7 with an average scaled score greater than 105. All students follow an accelerated KS3 programme in English, Mathematics and Science beginning KS4 work at the start of Year 9. Learning and teaching is supported by a deputy head of faculty, and regular meetings are held to improve the teaching practice of all staff.

The school’s emphasis on traditional values and high standards of behaviour, appearance and hard work has led to an excellent reputation in the community, which is reflected by the fact that we have attracted over 1141 applications annually for the 292 Year 7 places. With 306 A-level students, we have one of the largest academic sixth forms in the country. All staff are required to set an example in areas such as personal appearance because this contributes positively to the ethos and influences the students’ standards.

If you feel the school would suit you, and you have the passion, drive and commitment to work with us to make all aspects of our provision outstanding, please apply now.
