

15 December 2021

Dear Parents and Carers

**Re: GCSE Maths Paper 3**

I wanted to advise you that we have discovered that the Mathematics papers being used for the PPEs have been released online. These were secure papers which Edexcel release officially to schools for use as a secure examination. We have reported the breach to Edexcel who I hope will investigate and deal with the individual appropriately.

As a result, I have changed the paper 3 due to be sat on Thursday 16 December so that all students sit a secure paper.

I will also be weighting the papers already sat so that no student is disadvantaged.

Kind regards

Miss O'Hare  
**Head of Mathematics**
