Mission, Vision and Values

Mission Statement;

To inspire and empower all our students to realise their full potential and Be The Best They Can Be.

St Martins Core Value - ***Be The Best You Can Be***

Traditional Values

Our school ethos is based on ***Our Values, Ourselves, Our School***. Traditional values, including students' personal development and well-being as well as outstanding academic achievement. We also place equal importance on exemplary behaviour, smart appearance, good manners as well as encouraging all of our students to make a positive contribution to their school and local community.

Learning for the Future

Gaining excellent exam results are not enough on their own to help our students face everyday life situations in the 21st century. Throughout their time in school our students develop the skills and attributes that are key to empowering them to be successful fully rounded individuals. Students will then go on to THRIVE in every aspect of their lives and leave us responsible, well rounded young people who are able to choose their own future well equipped and ready to make a positive difference in the world.

Outstanding Personal Achievement

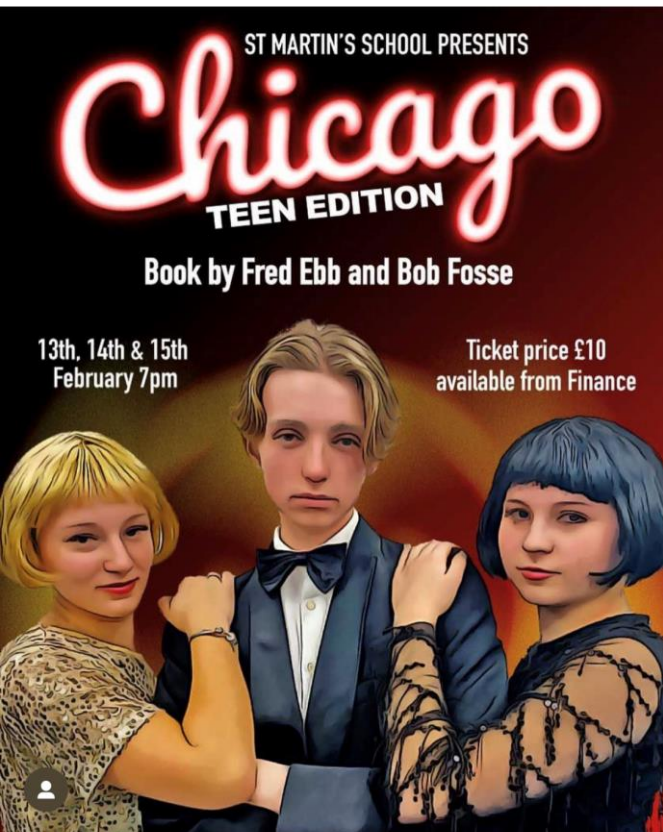

This is the ultimate goal of our student personal journey regardless of starting point or ability. We continually encourage and challenge in all aspects of school life to enable them to achieve as highly as possible. The nature of their achievement will be very different for every student and will encompass a whole raft of subjects, activities and personal preferences at all levels of ability.

stmartinsschpe An excellent final tour match for the year 9s ended in a 33-run loss. Some strong bowling and fielding in searing heat was followed up by a commendable run-chase, with two scores of 37 from Callum C and Joe K the standout performances of the day 🙌. Shoutout to Ben for hitting a 6 into orbit and to Oliver for a

NEWS & VIEWS

6 September 2024

Be the best you can be.

Executive Headteacher: Mr Jamie Foster

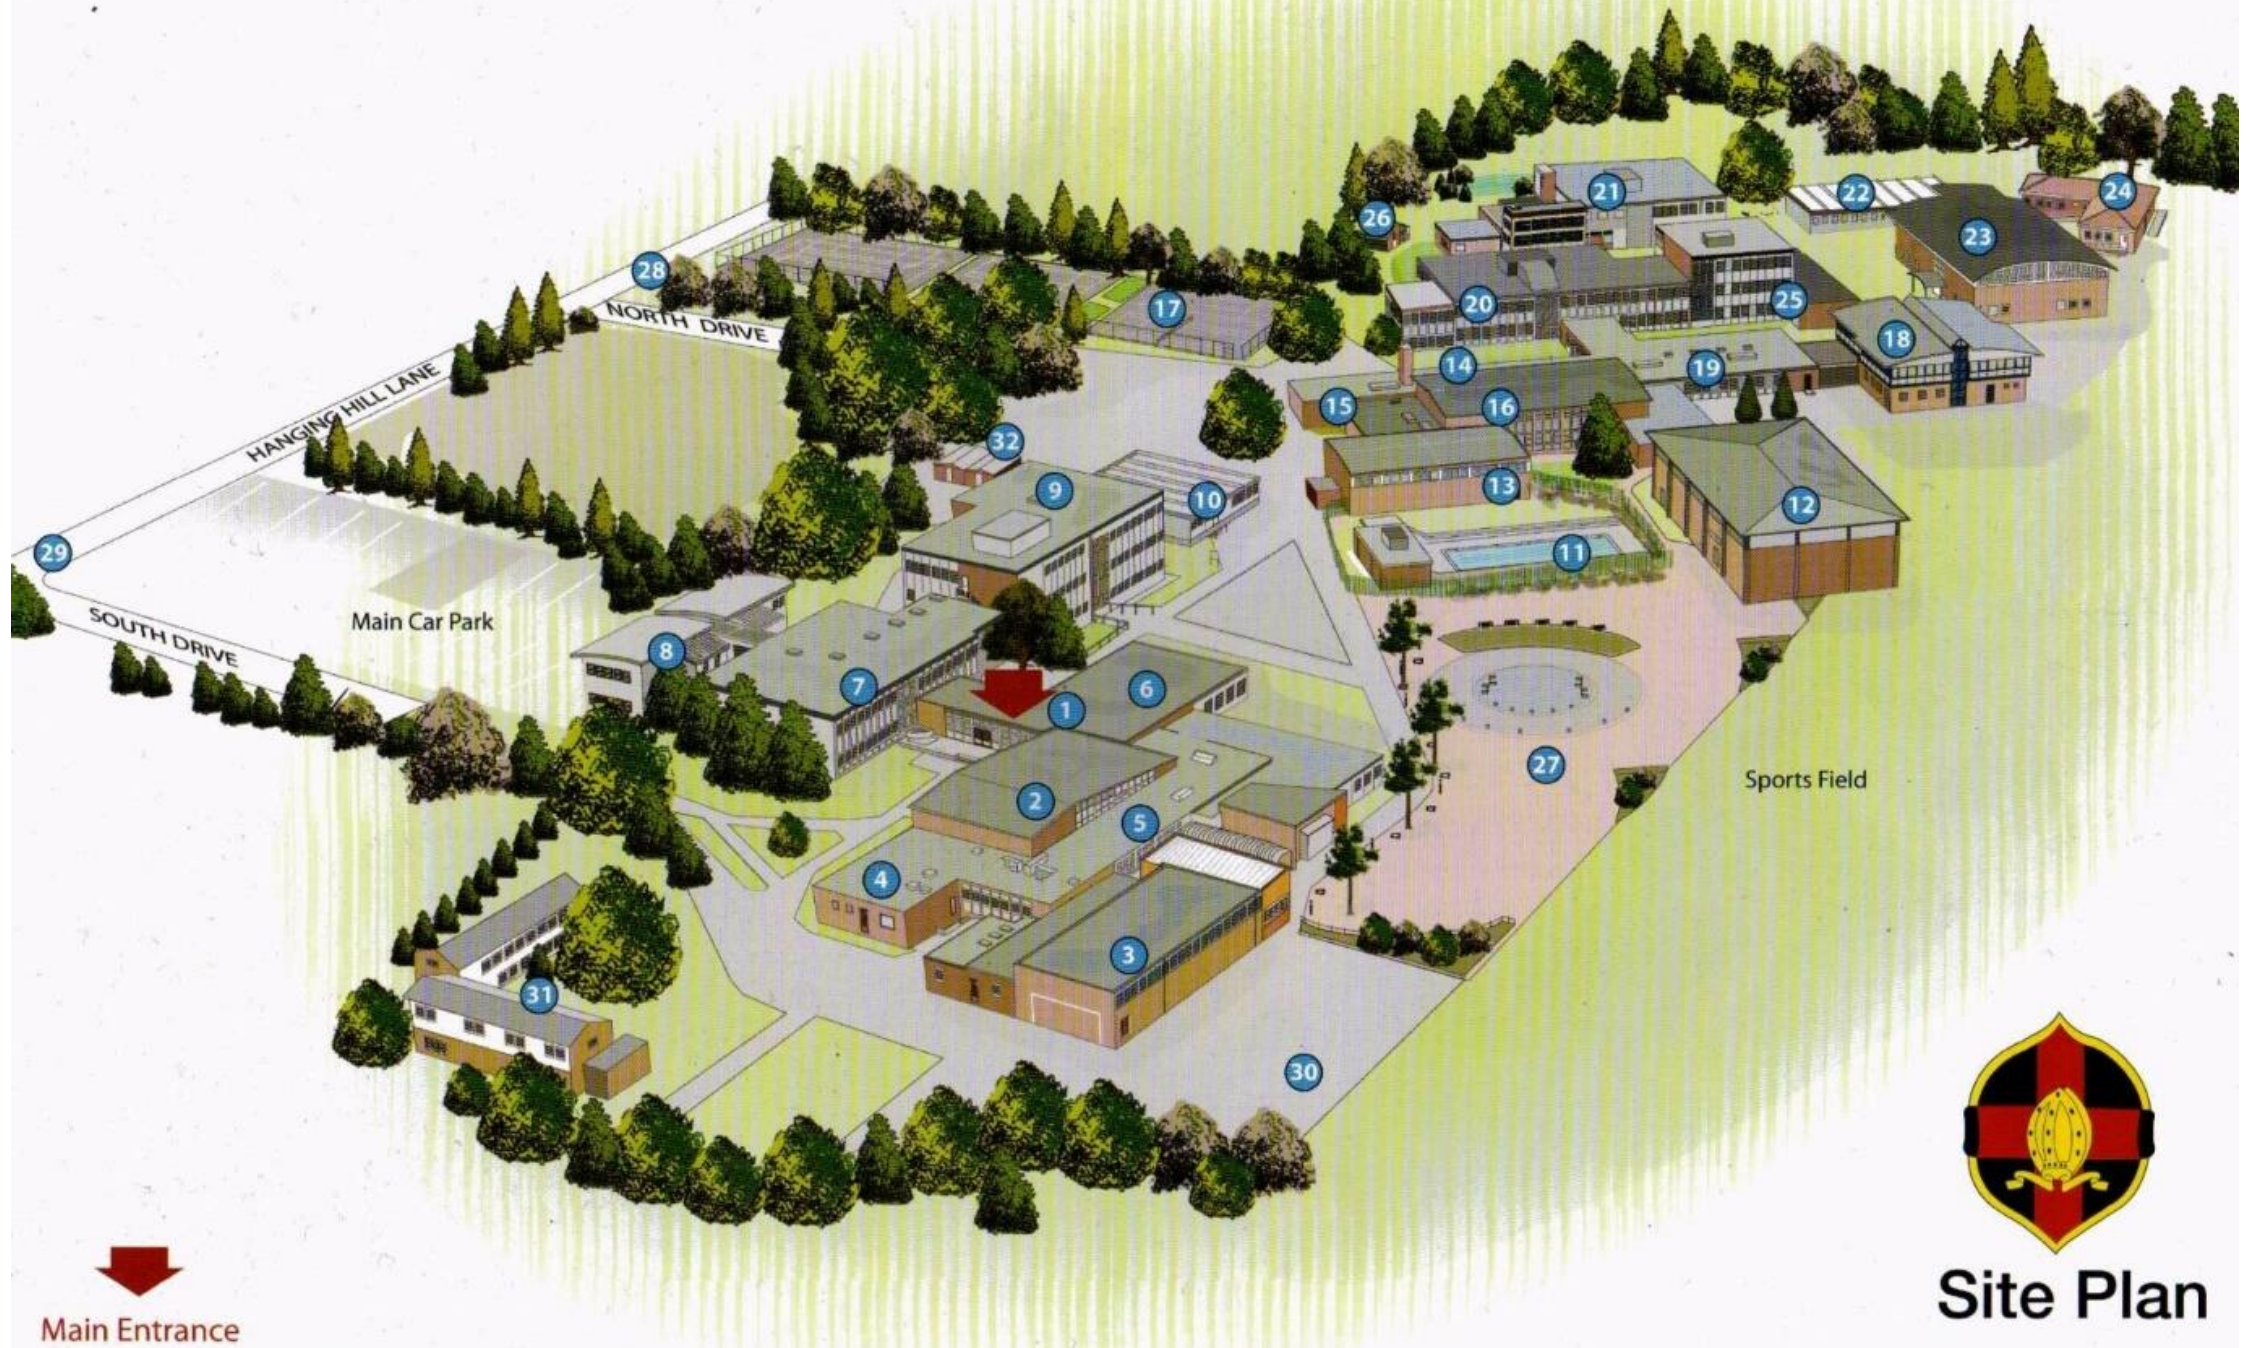

Headteacher's Comment:

A very warm welcome to our new parents in both Year 7 and Year 12 and to parents of pupils returning this year. I would like to highlight the exceptional exam results the pupils achieved in the summer. Our English and Maths departments performed significantly above local and national benchmarks and the Art department achieved results in the highest percentiles in the country. Not only did the school achieve the best results in ten years and significantly above national data but there were many inspirational success stories: Poppy Lee and Jayana Mahmood achieved nine grade 9s, Anne Goddard eight grade 9's, Tomas Lourenco eight grade 9s and Athina Katsogiannou achieved eight grades 9's and two grade 8's. In our Sixth Form Louise Boreland, Daisy Chadwick, Varun Gupta, Aimee Tomalin and Elise Tullett all achieved triple A* grades as well as over 100 of our students being offered their first choice university. Well done everyone.

This week's Headteacher Award goes to Vinnie O'Leary in Year 10, for completing his NVQ in sign language.

In other news, I met with all pupils in assembly and we discussed the high expectations we have for them and the need to keep getting the 'little things' right. We discussed why we will ensure high standards of uniform continue and introduced on the day sanctions for lateness. In addition, we launched the new House System and reward focus to foster our sense of community and enhance our character education program so students can be *the best they can be*.
