14 July 2025

Dear Parents and Carers

With the academic year coming to a close, the Sixth Form team wanted to take this opportunity to thank you for all your support this year. We know it has been a very busy year and one that we have all worked tirelessly through to help ensure the very best for all of our students.

Whilst it is important for students to take time to rest and recuperate over the summer, it is also key that students balance and utilise this time to help ensure they are ready for the demands of Year 13.

Teaching staff will have advised students which work and topic areas to focus upon over the summer break. It is vital that students complete the work that has been set and use this time for further independent study to help strengthen and extend their own subject knowledge and understanding. Students can also access past examination papers to help practice and improve upon their exam technique.

We will continue to monitor and intervene by assisting all of our students as they progress into Year 13, to help them achieve their full potential. Where necessary, some students may also have additional interventions for further support. We will continue to keep students and parents informed of this throughout the year as necessary.

The summer break is also a great opportunity for students to further their super and extra-curricular enrichment activities to help assist them with their personal statements for University and applications for Apprenticeships or employers which they will be completing in Year 13. Assisting with local clubs, work experience placements and completing online MOOCs courses are just a few examples of what students can be taking part in and achieving. They can also use Unifrog which dovetails both careers and university information, and also provides information on courses which students can actively pursue and complete.

If we can be of any further assistance or help please do not hesitate the sixth form team. We wish you and your families an enjoyable summer break and look forward to welcoming our Year 13 students back on Tuesday 2 September 2025.

Yours sincerely

Miss H Jackson
