Dear Parents and Carers

Re: Exam Warm up Sessions

In order to support your son/daughter's GCSE exam preparations we will be providing Exam Warm Up sessions during the next round of PPE's for Year 11. The purpose of these sessions is to prepare students with key information and skills just before they sit the exam, in order to focus and motivate them. We are running 3 warm ups during the February PPE's to give students a chance to experience these sessions before their GCSE Exam season begins, where we hope to offer Warm Ups for all exams.

All three warm ups start at **8.15am** and we expect students to arrive at **8.10am**. We will provide students with a small snack during the session.

Please see the details for the sessions being provided below:

Monday 26 February – Science PPE 8.15am

- All students will be in the South Hall with Team Science
