Dear Parents and Carers

Re: Student Self-Reflection Pilot

Your child has been selected to take part in our self-reflection pilot.

Over the next week they will engage in short self-reflection meetings with their subject staff which will be recorded in a booklet. Once all subjects have completed the process there is the opportunity for parents to note any reflective comments at the back of the booklet. This space is for any general comments about the effort grades recorded in the books and is not a space intended for questions or enquiries requiring an immediate answer.

Parents with subject specific enquiries should address these via email to the subject teacher.

We hope that your child will gain a greater understanding of the factors that have resulted in their report data and therefore are better placed to make key improvements and adjustments to ensure they maximise their academic and personal development.

Your sincerely

A handwritten signature in black ink, appearing to read 'J Peacock', is written over a large, faint watermark of the school's crest.

Mr J Peacock
