

VISION & ETHOS

Our Mission Statement

***To inspire and empower all our students to realise their full potential and
Be The Best They Can Be.***

Traditional Values

Our school ethos is based on traditional values, including students' personal development and well-being as well as outstanding academic achievement. We also place equal importance on exemplary behaviour, smart appearance, good manners as well as encouraging all of our students to make a positive contribution to their school and local community.

Learning for the Future

Simply teaching to the test to get good exam results is not going to help our students face everyday life situations. Our students Learn for the Future. We prepare them for life in the ever more digital and technical 21st century, developing their personal skills and attributes needed in a continually changing world. These skills are key to empowering students to be successful, fully rounded individuals, who can go on to flourish in every aspect of their lives.

Outstanding Personal Achievement

This is the ultimate goal of our student personal journey regardless of starting point or ability. We continually encourage and challenge in all aspects of school life to enable them to achieve as high as possible. The nature of their achievement will be very different for everyone student and will encompass a whole raft of subjects, activities and personal preferences at all levels of ability.

The individual development of our students is woven into every aspect of life at St Martin's. It is a personal journey that is the never ending ambition to.....

....Be the Best you can be
