

Students will explore the origins and value of the universe, followed by the origins and value of human life. The big question is "where did we come from and how did we get here?"

## Theme B: Religion and Life

**SKILL: Construct balanced arguments regarding beliefs and values.**

**PPE**

## PPE Revision – developing revision technique

**SKILL: Analyse questions related to beliefs and values.**

Students will learn about the key beliefs in Islam – including the nature of Allah, the importance of the Prophets, the role of the Qur'an, and the Islamic beliefs in life after death.

## Islam Beliefs & Teachings

**SKILL: Understand significant common and divergent views in religions.**

Students will explore the nature of family life and relationships for both religious believers and non-believers. We explore divorce and same-sex marriage.

**SKILL: Understand influence of religion on individuals and society.**

## Theme A: Relationships

Students will explore the nature and existence of God, followed by the life of Jesus. They will explore how both influence Christians today.

**SKILL: Using key sources of wisdom and authority.**

## Christian Beliefs & Teachings

Students will study the religious and ethical arguments surrounding war, peace and conflict (including nuclear weapons and terrorism).

**SKILL: Apply knowledge and understanding of two religions.**

## Theme D: Peace and Conflict
