Dear Parents and Carers,

Re: Year 13 – University Open Days

This term is a great time to go and view some potential universities. Open days are a crucial part of the application process, and gives you the chance to hear from those already at the university talk about their experience, and give you an idea what you can expect. They may even inform you on an important part of the university experience you have not considered.

Open days give you the opportunity to chat with lecturers, look at the accommodation, explore the area, and find out what exactly it is you will be studying as a university student on your chosen course.

The best way of finding out when these events are is via:
<https://www.opendays.com/> where you can access the university open day calendar all year round.

Some upcoming open days within an hour distance from school are:

University of Kent – 18 November 2023
Royal Holloway University of London – 1 November 2023
London South Bank University – 4 November 2023
University of East Anglia – 4 November 2023
University of Westminster – 8 November 2023
University of Suffolk – 11 November 2023
Anglia Ruskin – 25 November 2023
