Dear Parents and Carers

Re: Revision Support

As you are aware, we brought forward the date of the Year 11 reports by a few weeks so that our students and yourselves could have the data before the Easter holiday. This is in anticipation that students will use their predicted grade information to prioritise their revision over the Easter break.

I have included some information regarding planning revision timetables, stress management, revision techniques and other information. If students have not started their revision yet they should do so immediately; it's not too late to begin.

When we return we have 17 teaching days left so it is imperative that students are attending every day. I also recommend that students refer to individual subject checklists, compiled from the advanced information we have received from the exam boards, which will indicate which topics are likely to come up in the exams; please see the correspondence from Mr Peacock sent on 28 February.

A reminder that the final day for Year 11 students to attend school is Friday 13 May after which they will be on study leave and more information regarding this will be made available after the Easter holidays.

Thank you for your ongoing support.

Yours sincerely

Mr S Smith
Director of Key Stage 4
