The Creative Art subjects (Art, Drama and Music) and Technology subjects set homework as required for the courses.

Due to the wide variety and number of extra-curricular sports clubs, it is expected that all students will attempt to attend at least one club a week to help enhance their personal skill level and impact a more positive healthy active lifestyle.

The homework timetable is designed to ensure that students are not inundated with work to complete on a particular night. The professional judgement of the teacher will determine if homework is to be set on the night it is due. There will be occasions when homework is due but may not be set. On these occasions students can take the opportunity to revise or read around the subject.
