Dear Parent or Carer

Re: First News

St Martin's School has teamed up with First News to offer a fantastic opportunity which will help us raise money for our school.

First News is the weekly newspaper for young people and you now have the opportunity to receive a great offer and have First News delivered to your house every Friday for your son or daughter to enjoy at home.

To make things even better, for every subscription parents take out, by selecting St Martin's from the drop down box at the checkout, we will get money back to put towards our school.

This is a fantastic opportunity to get your children reading at home, while helping the school raise money.

Remember to select our school when ordering so that we can fundraise.

Yours sincerely

Mrs T Peters
School Librarian
