Dear Parents and Carers

Re: Cida Qualification

Your son or daughter is currently studying the Certificate in Digital Applications as his or her IT course, and is due to complete it this academic year. The level 2 qualification has the following grades: A*, A, B, C and unclassified.

Following a review of all year 11 Cida students the decision has been made to enter your son or daughter for the level 1 option of this course. This decision was not taken lightly, your son or daughter's ATL, PPE results, assessments completed, and work production in lessons were considered together with discussions with Mr Smith Head of KS4.

This will mean that your son or daughter will not have to sit an end of year exam in this subject, but will have to complete two pieces of coursework, which will be internally assessed and externally moderated. The grades available to achieve on the CiDA Level 1 course will be: A*, A, B, C and unclassified.

If you would like to discuss this matter further then please do hesitate to contact me:
