Dear Parents and Carers

Re: Year 11 Report – Pre-Public Exam Results

Please be advised your son or daughter should have received a hard copy of their report today and it is now available to view on the St Martin's website.

Select Insight reports from the main menu, which will then take you to the Insight login where you can view the report.

This report contains the exam grades your son or daughter achieved in the recent pre-public GCSE examinations (PPEs). The grades do not include a weighting for components such as coursework but provide a measure of current attainment in the examination component of all their GCSE subjects.

The report also shows current working at grades, which are given by the teachers based upon performance in the pre-public examinations, grades they have achieved for coursework or practical components and performance in classwork and homework. The grades are a reliable measure of what your son or daughter would achieve if he or she sat the GCSE exam now and most importantly indicates the shortfall, if any, between their current position and target grade for the summer.

Please take time to discuss the Year 11 assembly with your son or daughter. We have tried to replicate the experience that the students will experience on Thursday 22 August when the final GCSE grades are released.

It is obviously a crucial time in your son or daughter's education as we reach the final months of Year 11. We sincerely hope that your son or daughter continues to work extremely hard over the next few vital months. We look forward to the results in August and your son or daughter achieving grades that reflect their undoubted potential.

Yours sincerely

Mr D N Goddard
Deputy Headteacher
