Dear Parents and Carers

***Re: Year 10 Mathematics PPE (Pre Public Examination) Revision Checklist***

As you are aware, the year 10 PPEs are due to start week beginning 29 April 2019 and we are encouraging students to start their maths revision earlier rather than later.

To further support your son or daughter with his or her revision, we recommend the use of the Corbettmaths topic list. The list can be accessed through the link below and is free to use. There are video numbers linked to each topic on the checklist, with worksheets and exam questions also available:

<https://corbettmaths.com/2016/05/03/revision-checklists-for-gcse-maths/>

The checklist is in two tiers, Foundation Tier and Higher Tier. Students are encouraged to print off the appropriate list for their upcoming PPEs. It is imperative that students make the most of the resources available to them to support their progress in maths.

Should you have any problems in accessing the link, please do not hesitate to contact me.

Thank you for your continued support.

Yours sincerely

Mrs T. Kehinde  
***Acting Deputy Head of Mathematics (Key Stage 4)***
