

28 March 2019

Dear Parents and Carers

I am currently conducting research under Derby University on the provisions offered to most-able students in science in order to assess the effectiveness of them. I feel it would be beneficial for me to hear what our students feel and what their perceptions of the provision offered are. I would therefore like to invite your son or daughter to take part in a short group interview at St Martin's where I will have an informal chat with them about the support offered to them and any opinions they might have on extra support we could put in place. The interview will take place in N105 on 25 April at lunchtime.

If you are happy for your son or daughter to take part in this interview, please fill out the consent form below. The data collected at the interview will only be used by me for the research project and anything written down at the interview will be destroyed after the research has been submitted. If you or your son or daughter decide after the interview that you do not want the data used in the research project please e-mail Miss French at sfrench@st-martins.essex.sch.uk and quote the unique number that I will give them at the interview. This will then be removed from the project. The deadline for withdrawal is 10 May 2019.

If you would like to take part in this interview, please hand back the consent slips to Miss French in N105 no later than 24 April.

If you have any further queries, please do not hesitate to contact me at sfrench@st-martins.essex.sch.uk.

Yours sincerely

Miss S French
Science Teacher
