

28 March 2019

Dear Parents and Carers

As you are aware, your son or daughter was invited to attend a series of lectures by various guest speakers over the course of this year. In order to assess how successful they have been, some students who attended will be asked to complete a questionnaire. The data from these questionnaires will be used in a Masters of Education project under Derby University to evaluate science provisions for more-able students. The questionnaire is optional; students do not need to take part.

If you are happy for your son or daughter to partake please print the questionnaire attached or alternatively ask them to collect a copy from Miss French in N105; once completed please return to Miss French no later than 26 April 2019. There will be no identifying features on the questionnaire and they will only be used and assessed by Miss French. At the end of the project they will be destroyed in accordance with data protection. If, after a questionnaire has been submitted, you or your son/daughter decide that you do not want the data used in the research project, please e-mail Miss French at sfrench@st-martins.essex.sch.uk and quote your answer to the identifying question on the top of the questionnaire. This will then be removed from the project. The deadline for withdrawal is 3 May 2019.

If you have any further queries, please do not hesitate to contact me at sfrench@st-martins.essex.sch.uk.

Yours sincerely

Miss S French
Science Teacher
