Dear Parents and Carers

Re: Year 10 PPEs and Year 11 Class Set Changes

As you are aware, your son or daughter has just completed their PPEs (Pre Public Examinations), week ending 10 May 2019. These are important examinations for the year group as the results should help us to determine the progress they have made so far.

To best support your son/daughter as they advance into year 11, we feel it is important to get them into the correct class setting now, ready for the start of year 11. Therefore, there is going to be a substantial reshuffle that could lead to changes in class sets for your son/daughter. This will be based mainly on the result of the PPEs but we will also consider students' effort and class teacher's professional judgement for individual students.

When the set changes are completed, if your son/daughter's class set has changed, we will inform you.

Our key objectives for the set changes at this time are to minimise disruptions to lessons in year 11 and to ensure that all students are placed in a class that supports them in making optimum progress.

If there are any concerns regarding the above, do not hesitate to contact me.

Thank you in advance for your support.

Yours sincerely

Mrs T Kehinde
Acting Deputy Head of Maths (Key Stage Four)
