

4 September 2019

Dear Parent or Carer

***Re: Mathematics Intervention Sessions***

Your son or daughter has been allocated a place in mathematics intervention sessions starting from Monday 9 September 2019 until the end of December 2019. These sessions take place either during registration on Tuesday or Thursday or during 'extra' PE or RE lessons if students take combined science.

Your son or daughter will be informed when his or her session will take place at some point during this week. They will also be advised to amend their timetable to remind them when this session is. These sessions will be used to revise previous material covered and practice past examination questions.

These sessions have had a major impact on previous year 11 students so it is very important for students to attend.

Should your son or daughter not attend, I will contact you.

Yours sincerely

Miss N O'Hare  
***Head of Mathematics***
