

3 September 2019

Dear Parent or Carer

Re: Mathematics homework

I am writing to you regarding the mathematics homework I will be setting your son or daughter this year. I will go through this step by step with the class to ensure total understanding of what is expected. Homework will begin Monday 16 September after the first mock paper.

Homework will be set on Monday and due on Friday, EVERY SINGLE WEEK.

1. Go on to corbettmaths.com
2. Go to 5-a-day
3. Select 5-a-day GCSE 9-1
4. Scroll down to the relevant dates

Each week students will need to complete the weekday (Mon-Fri) dates for the week the homework is set. For example, for the week beginning 16 September, students need to complete 16, 17, 18, 19 and 20.

5. Select Numeracy or Foundation (Foundation is more challenging)
6. Print off pages and complete on the sheet OR if you have no printer, just complete them in your book (or paper)
7. Hand in to me during the lesson on the due date

If there are any problems, students need to see me BEFORE the homework is due

Also a reminder, students can come and do this at maths revision every Tuesday after school in S110.

If you have any questions, queries or issues with this then please do not hesitate to contact me via email lchapman@st-martins.essex.sch.uk

Yours sincerely
