Dear Parent or Carer

**Re: Pathway Review**

After completing a pathway review of the year group, your child has been identified as benefiting from being put on a more challenging pathway.

This will take effect from September and you will notice the change on the reports that go home. Please pass on to your child how impressed we are as a school that they have been working well above their expected attainment and this is down to their hard work and commitment.

We hope that your child will step up to the new challenge and continue to make excellent progress.

Yours sincerely

Mr J Peacock  
**Assistant Headteacher**
