Dear Parents and Carers

**Re: Year 8 Autumn Term Curriculum Plans**

We have had a hugely successful start to the term. Virtually all students have settled back into the rhythm of school life exceptionally well. Thank you for everything you have done in making this term start so well; organising the correct uniform and equipment, ensuring early nights and healthy breakfast all support effective learning, progress and wellbeing.

This year we have introduced a new initiative and are sharing our curriculum intentions with all parents, carers and students.

Every term you will receive a detailed breakdown of the term's learning plans for each individual subject. Please note that we have deliberately left off Physical Education. The PE curriculum has been severely disrupted by the COVID 19 restrictions and is changing on a daily basis. Rest assured that the students are enjoying high quality learning experiences about healthy, active lifestyles.

This initiative will hopefully support you in understanding what the students are learning in Year 8. Many families will be familiar with this type of information from their primary school.

May I also wish take this opportunity to thank you for your continued support at this difficult time and wish you all a safe and enjoyable term.

Yours sincerely

Mr D N Goddard  
**Deputy Headteacher**
