Dear Parent and Carer

Re: Active Learn Website

As part of the French and German course we teach in year 7, we will be using the textbooks Studio 1 and Stimmt 1. We have an online subscription to the Active Learn website which accompanies this course, enabling our students to access online activities which we can set for homework, and which are tailored to the specific unit of work and vocabulary we are studying.

We have created a login for all students on the Active Learn website and we would be grateful if you could assist your child in logging onto the website for the first time using the login details below.

Instructions:

- Go to the Active Learn website <https://www.pearsonactivelearn.com/app/home>
- Click login
- Username is your child's school login number with SM both at the beginning and the end.
Eg. If your child's school login number is "8888" their username on ActiveLearn will be: **SM8888SM**
- The password is: **2020@STM**
- You will be given the opportunity to change the password. **Please ensure that your child makes a note of their new password.**

If you have any questions, please do not hesitate to contact your child's French or German teacher and they will be happy to help.

Yours sincerely

Mrs L Ballard
Head of International Communications Faculty
