Dear Parents and Carers

Re: Food Preparation and Nutrition GCSE Non Examined Assessment (NEA)

I am writing regarding the Food Preparation and Nutrition GCSE Non Examined Assessment (NEA) that your child is completing this academic year.

Firstly, many thanks to the students who have been working diligently throughout this trying time. Due to the OFQUAL updates the final deadline for submission of the NEA will be Wednesday 14 April.

We will continue lessons for the NEA, up until the deadline, via Teams and in person when we return to school to ensure your child has a fair opportunity to demonstrate their knowledge and understanding of the course.

May I take this opportunity to thank you for your continued support; it is much appreciated by the whole Food Preparation and Nutrition team.

If you wish to discuss these matters further, please do not hesitate to contact me during school hours.

Kind regards

Mrs L Fowkes

Deputy Head of Art, Design and Technology Faculty
